PREFACE

Bureau of Statistics, Planning & Development Department is the Sindh Government's Premier Statistical Organization, responsible for collection and dissemination of statistical data in the province linked with various Socio-Economic sectors.

Bureau of Statistics has been issuing this Monthly Survey of Industrial Production & Employment report since December, 1975. This report provides important statistics in respect of industrial production and employment. This report contains statistics regarding 31 selected large scale industries covering 598 industrial establishments in Sindh.

This report provides information regarding index of industrial production as compared to base year

1980-81, and comprehensive analytical notes over the current status of the industrial growth at different sectors. Tables & Graphs of Production and Employment give comparisons with the previous month and the same month of the previous year as well.

Finally, I do appreciate the hard work and utmost efforts of officers and officials of Bureau of Statistics for bringing out this publication and their determination to issue this valuable publication. I hope that this report will be useful to the policy makers, planners, researchers, students and other users of industrial data in public as well as private sector.

Suggestions for further improvement will be welcomed.

Hanif Muhammad Marchawala
Director General (Bureau of Statistics)
Ph # 021-99206672, 021-99206683

MONTHLY SURVEY OF INDUSTRIAL PRODUCTION AND EMPLOYMENT IN SINDH
(Report for JANUARY 2016)

INTRODUCTION

Bureau of Statistics conducts Monthly Survey of Industrial Production and Employment to collect information on 96 items manufactured in 31 selected large scale Industries covering 598 industrial establishments in Sindh. These industries account for 68.83% of total value added in terms of production during 1980-81, Census of Manufacturing Industries. In addition to collection, compilation, tabulation and processing of data, Bureau of Statistics also computes Index of Industrial Production, which is an important indicator of economy.

SUMMARY FINDINGS JANUARY 2016

Summary findings on the basis of Index of Industrial Production (1980-81 = 100) are as follows:

A. INDUSTRIAL PRODUCTION

- i) Overall Production in January, 2016 was Increased by 60.31% as compared to last month i.e. December, 2015
- ii) Overall Production in January, 2016 was Increased by 12.57% as compared to corresponding month of last year i.e. January 2015.
- iii) Cumulative production in July-January 2015-16 was decreased by 5.41% as against July-January 2014-15.

B. INDUSTRIAL EMPLOYMENT

- i) Employment in January 2016 was 0.29 % higher as against December 2015.
- ii) Employment in January 2016 was 4.77 % lower as against January 2015.
- iii) Employment in July-January 2015-16 was 1.13% lower as against July-January 2014-15

(ii)

C. INDEX OF INDUSTRIAL PRODUCTION (BASE YEAR: 1980-81 = 100)

	Jan	598.92	(+)	60.31

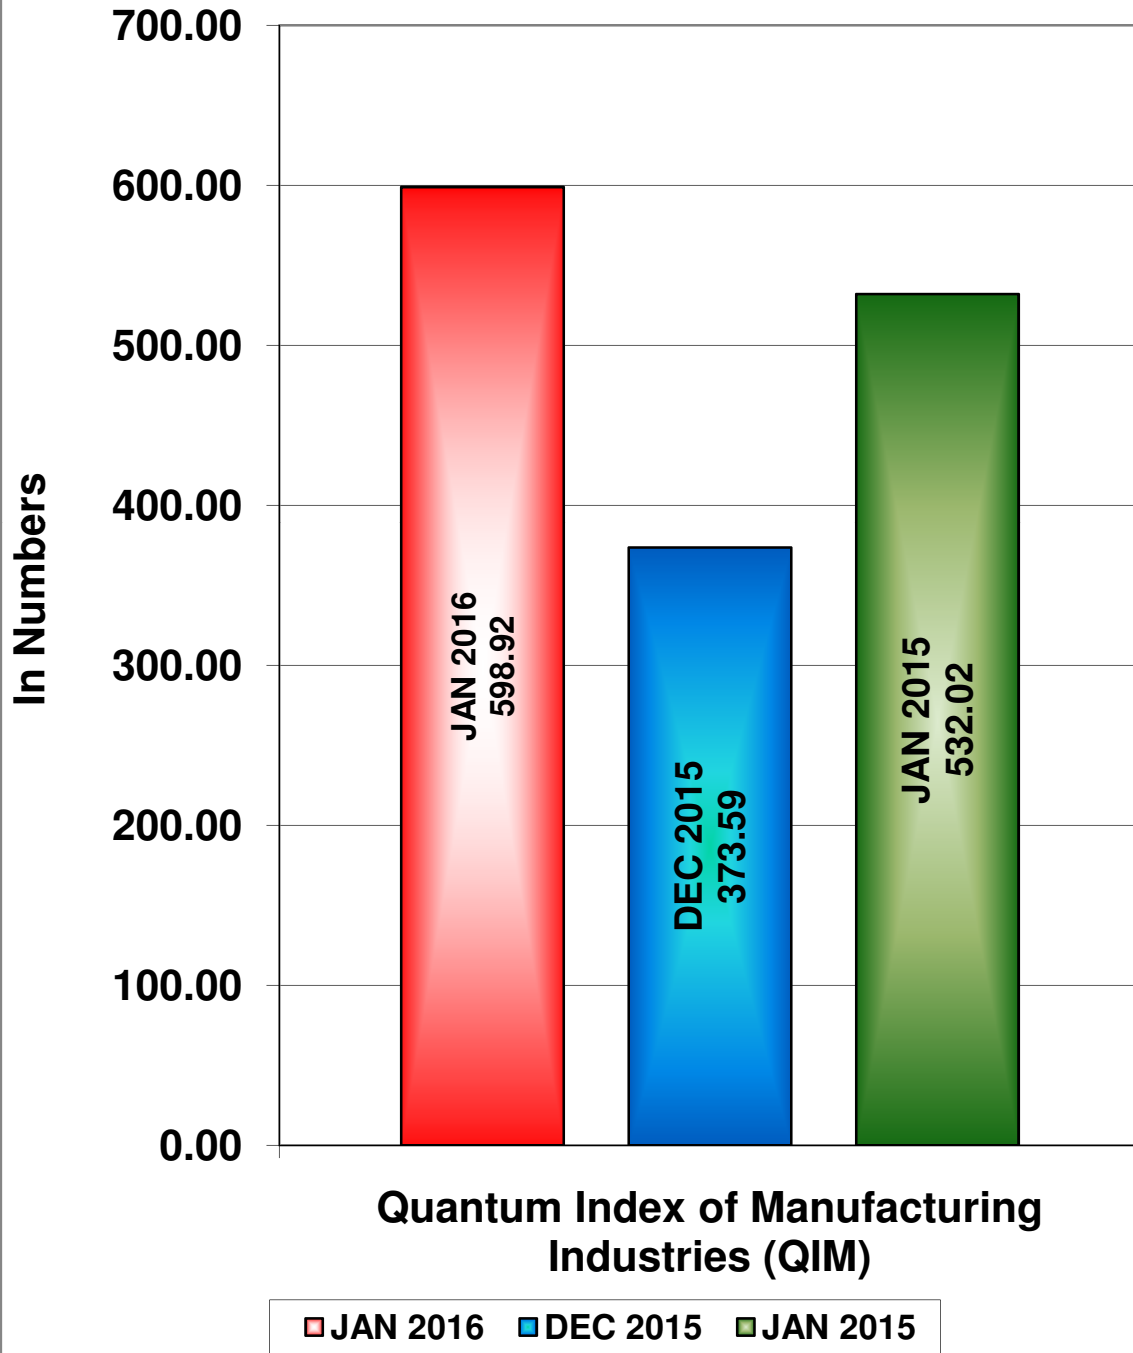

The Index is designed to measure changes in physical output for large scale manufacturing Industries. The weights for the Index are based on census value added of manufacturing Industries at factor cost for the year 1980-81.

**Reason for Decline in Production of Important Items During
July-January, 2015-16 As Compared To July- January, 2014-15**

1) ELECTRIC TRANSFORMERS	Siemens is the only company, which is manufacturing, electric transformers sets with quality and reasonable price, it is manufacturing this item as per market demand.
2) DEEP FREEZERS	Increasing cost of power has decreased the purchasing power of customers ultimately the production of Deep Freezers has been decreased.
3) ELECTRIC BULB AND TUBS.	Due to increasing use of energy savers, Philips electrical industry of Pakistan has stopped its production of bulbs and tubes.
