**MONTHLY SURVEY OF INDUSTRIAL PRODUCTION AND EMPLOYMENT IN SINDH
(Report for SEPTEMBER 2015)**

INTRODUCTION

Bureau of Statistics conducts Monthly Survey of Industrial Production and Employment to collect information on 96 items manufactured in 31 selected large scale Industries covering 598 industrial establishments in Sindh. These industries account for 68.83% of total value added in terms of production during 1980-81, Census of Manufacturing Industries. In addition to collection, compilation, tabulation and processing of data, Bureau of Statistics also computes Index of Industrial Production, which is an important indicator of economy.

SUMMARY FINDINGS SEPTEMBER 2015

Summary findings on the basis of Index of Industrial Production (1980-81 = 100) are as follows:

The Index is designed to measure changes in physical output for large scale manufacturing Industries. The weights for the Index are based on census value added of manufacturing Industries at factor cost for the year 1980-81.

(iii)

**Reason for Decline in Production of Important Items During
July-September, 2015-16 As Compared To July- September, 2014-15**

1) ELECTRIC TRANSFORMERS	Siemens is the only company, which is manufacturing, electric transformers sets with quality and reasonable price, it is manufacturing this item as per market demand.
2) DEEP FREEZERS	Increasing cost of power has decreased the purchasing power of customers ultimately the production of Deep Freezers has been decreased.
3) ELECTRIC BULB AND TUBS.	Due to increasing use of energy savers, Philips electrical industry of Pakistan has stopped its production of bulbs and tubes.
