FOREWORD

Education plays a primitive role in nation's building. The Government of Sindh has prioritized Education sector in last decade. The current year Annual Development Plan (ADP) signifies this importance where government has allocated Rs. 17.23 billion for Education apart from foreign assistance, which amount to Rs. 2.83 billion. This entire amount will be spent on 397 schemes to uplift education sector*.

Data is important for evidence base & policy formation. BOS is making every effort for timely release of data. In doing so, School Education Statistics Sindh 2014-2015 is the latest issue containing district –wise information enrollment and teaching staff of primary, middle, secondary and higher secondary schools (by sex urban and rural areas) along available facilities in the institutions run by the Government of Sindh for the year 2014-2015.

The data published in this booklet has been collected from Sindh Education Management and Information System (SEMIS) under Education Department.

This booklet will hopefully be informative and useful for planners, educationists, researchers and those who are interested in data of education sector.

Suggestions for further improvement of this publication would be welcome.
